

Container Transport

MK Express: 3rd Party Logistics And More

Since 1984, we've been one of the leading trucking companies for all freight, including produce, steel tubing supplies and more-and it shows. We're committed to your complete satisfaction with our services, and for that reason we make it our mission to deliver more than we promise, every time. We specialize in all aspects of your transport needs, including assistance with 3rd party logistics and supply chain management functions, from providing flatbed or refrigerated trucks, to logistics tracking and beyond. Whether you need a dry van, step-deck, double-drop, side kit, RGN, Conestoga, or special cargo handling, MK Express is your transport solution.

Together, our staff has accrued a combined 100 years of experience in the trucking industry, with safety, integrity and reliability as our top priorities at all times. We understand the importance of getting your cargo to and from its assigned destination on time and in perfect condition. We provide a wide range of trucking options to help you select just the right vehicle for your freight, along with ready expertise in cargo logistics and supply chain solutions to help you solve any challenge that may arise.

Quality, Reliability, & Efficiency

Your partnership with M/K Express secures your advancement into the 21st century. We've earned the trust of our customers by integrating quality, reliability and efficiency into our business. Our hands-on approach leaves you confident, knowing you have entrusted your shipments with the best. We commit ourselves to the safety and care your products deserve. The entire staff at M/K Express is dedicated to serving you

with the highest standards of excellence and integrity in the trucking business.

Commitment to Excellence

M/K Express Company staffs professional drivers who provide safe, reliable transportation. We move a wide variety of cargo at competitive pricing, targeting the diverse needs of our customers via individualized service. For more than twenty five years, we've been helping both large and small companies from across the nation move their products. Our experienced team is dedicated to serving you!

M/K Express Logistics Services

We can provide service from virtually any point within the continental U.S.

Whether you use a single mode of transportation or require a more complex multi-modal service, we can provide the type of cargo handling services that best suits your needs. We manage thousands of loads annually utilizing the below freight modes:

- Flatbeds - standard, step-deck, double-drop, side kit, RGN, conestoga
- Truckload/Van - dry van, dry bulk, refrigerated vans
- Air and Ocean
- LTL-guaranteed savings program with national/regional carriers

We deliver everything from steel tubing to fresh produce. You have products that need moved-we have the experience. We'd appreciate the opportunity to earn your trust, as well as your business.

New Guaranteed LTL Savings Program!

M/K Express is pleased to announce a new LTL (Less-Than-Truckload) shipping program that's guaranteed to save you money over your current costs.

In today's business climate, a crucial objective is reducing operating expenses, while at the same time providing your customers with the best possible service. When it comes to transporting your less-than-truckload shipments, we can help you achieve that goal. M/K Express guarantees that we can move your product for less than your current rates.
